

We can strengthen families – without raising your taxes – if we stop corporate give-aways, turn the page on wasteful spending like \$30-billion fighter jets, and focus on what really matters: giving every Canadian the tools to succeed in the years ahead.

Your Family. Your Future. Your Canada. *The Liberal Family Pack: our five-point plan to strengthen families*

A Liberal government will bring a new level of economic stability to Canadian families by helping with the cost of post-secondary education, child care, family care, saving for retirement and energy efficient home improvements:

1. A new **Learning Passport** to help families pay for college and university with at least \$4,000 in tax-free, non-repayable assistance to every student – \$6,000 for students from low-income families;
2. **Early Childhood Learning and Care** to give our kids the best start while giving parents access to quality child care by helping to create new affordable child care spaces;
3. **Family Care** to let family caregivers take time off from work to care for sick loved ones and to help with the costs of caregiving;
4. **Stronger Public Pensions** to enhance the Canada Pension Plan, make it easier to save for retirement and more help for low-income seniors; and
5. A **Green Renovation Tax Credit** to provide up to \$13,500 for environmentally-friendly home improvements that will help families save on energy costs.
