

## Your Family. Your Future. Your Canada. *The Liberal plan to strengthen learning*

The best way to strengthen the economy and create jobs is to have the best-trained and best-educated workforce in the world. Under a Liberal government, learning at all stages of life will become a Canada-wide priority:

- A new **Learning Passport** to help families pay for college and university with at least \$4,000 in tax-free, non-repayable assistance to every student – \$6,000 for students from low-income families;
- **Early Childhood Learning and Care** to give our kids the best start while giving parents access to quality child care by helping to create new affordable child care spaces;
- Boosting federal funding for **Aboriginal learning** in order to close the learning gap with non-Aboriginal students;
- Expanded **language training** for new Canadians; and
- A new **Veterans' Learning Benefit** that pays the full costs of post-secondary education for Canadian Forces veterans to recognize their military service.

We can strengthen families – without raising your taxes – if we stop corporate give-aways, turn the page on wasteful spending like \$30-billion fighter jets, and focus on what really matters: giving every Canadian the tools to succeed in the years ahead.
